

Dear Campus Customers:

Central Plant will be conducting a regularly scheduled high temperature hot water shutdown the weekend of Friday, June 21, 2024, through Sunday, June 23, 2024.

We will be shutting down just after 5:00p.m. on Friday, June 21, 2024. Normal service will be restored no later than Sunday, June 23, 2024, at 11:00p.m.

The purpose of this shutdown is to conduct regularly scheduled maintenance of equipment on the high temperature hot water system and the cogeneration plant. The systems that will be affected during the shutdown will include building heat, industrial & domestic hot water, and steam generation for cage washers and autoclaves.

The chilled water supply for the buildings and process cooling will **not** be affected during this shutdown.

This maintenance will help ensure that we provide reliable service to the campus community.

Buildings NOT affected by the Central Plant HTHW Shutdown:

AIRB	Irvine Hall
Beckman Laser	Law
Berk Hall	Medical Education
Education	Med Surge I
EH&S	Med Surge II
Gavin Eye Institute	Mesa Arts, Commons
Gillespie Research	Multipurpose Academic & Admin. Bldg.
Gottschalk	Multipurpose Science & Tech. Bldg.
Gross Hall – No industrial hot water	North Campus
Hewitt	Plumwood House
Housing	Rockwell Engineering
	Sprague Hall

Please call Tony Garrit at 824-5140 or Mike Bonomo at 824-8715 for questions regarding this regularly scheduled shutdown. The Central Plant can be reached at 949-824-5520 for after-hours information.

Thank you for your continued support and understanding,

Tony Garrit
